

## Letter to Parents

Dear Parent,

We are celebrating **Earth Day** this spring by participating in the **12th Annual Neighborhood Forest free tree program**, whose aim is to provide free trees to kids every Earth Day.

Since 2010, Neighborhood Forest has reached over 60,000 families and planted over 30,000 (mostly urban and residential) trees through the hands of children and parents across North America.

We endorse this project and are excited to be participating in this wonderful program that teaches kids stewardship through the magic and wonder of planting and watching trees grow.

**Please fill out the following online registration form by March 19th and receive a free tree** (6-12 inches in size) during Earth Week (April 22-30).

Trees will be delivered to us and we will arrange to get the trees in the hands of your children on or around Earth Day (April 22nd).

Planting instructions and species information will be emailed a few days prior to the trees arriving.

**Register to receive a free tree for Earth Day to plant with your child:**

**2020**

**2020**

I planted this little silver maple in 1993 when it was just six inches tall. I paid homage to my little baby last year. My, has it grown!
