*The American Recovery Act of 2021 provides funding for schools/libraries to cover expenditures for internet services and connected devices for students lacking such off-campus access. To help Leighton Township Library determine our needs for the coming school year, **if you have a Leighton Township Library card**, please complete and return the following survey.*

Home address: _____

Telephone: _____

1) Number of students residing in your household who live in Leighton Township (for the upcoming school year: _____)

2) If we do not provide internet access, do you have sufficient internet access in your home to allow each school-age child to complete internet-based homework assignments and/or to participate in online video classes simultaneously?

Yes _____

No _____

3) If we do not provide your child/children a connected device (e.g. laptop or tablet), does every school-age child in your home have access to their own connected device to sufficiently participate in remote learning and/or complete homework all at the same time?

Yes _____

No _____

If no, please list the students who still need access to their own devices below.

Name _____ School _____ Grade _____

Name _____ School _____ Grade _____

Name _____ School _____ Grade _____

Name _____ School _____ Grade _____

By answering "No" to any questions above, you certify that the student(s) residing in your household would be unable to sufficiently participate in remote learning or complete internet-based homework assignments if connected devices and/or Internet access were not provided by Leighton Township Library
